

How health education fits into a whole-school approach to wellbeing

Health education consultation is just one part of the whole-school approach to student wellbeing.

For more information about wellbeing in schools, visit the Education Review Office (ERO) document 'Wellbeing for success: a resource for schools' at

<https://www.ero.govt.nz/publications/wellbeing-for-success-a-resource-for-schools/>.

New Zealand Council for Educational Research (NZCER) also has a range of reports about wellbeing at school <https://www.nzcer.org.nz/research/student-health-and-wellbeing>
